

Máscara de  
Cañadas

```
graph TD; A[Máscara de Cañadas] --> B[Expandir máscara de cañadas 3x3]; B --> C[Obtener valores de cañadas]; C --> D[Cañadas provistas por HydroSHEDS];
```

The diagram is a flowchart illustrating a process. It begins with an orange parallelogram labeled 'Máscara de Cañadas'. A blue arrow points from this shape to a light green rectangular box labeled 'Procesar Cañadas'. Inside this green box, there are two yellow rectangular boxes. The first yellow box is labeled 'Expandir máscara de cañadas 3x3', and the second is labeled 'Obtener valores de cañadas'. A blue arrow points from the first yellow box to the second. Finally, a blue arrow points from the second yellow box to a dark blue rectangular box at the bottom labeled 'Cañadas provistas por HydroSHEDS'.

Procesar Cañadas

Expandir máscara  
de cañadas 3x3

Obtener valores de  
cañadas

Cañadas provistas  
por HydroSHEDS
